Principal's Address

What an incredible Education Week it has been at Jasper Rd. It was amazing to see so many parents, carers and grandparents on Tuesday for our Open Classrooms. In the morning I had the opportunity to meet many new faces and just 'chat' about the great things we do at Jasper Rd. I am aiming to have an informal coffee morning every term where families have the chance just to stop and talk. A goal of the school this year is to solicit parent feedback and act accordingly and these informal coffee mornings are just one way we are partnering with our community. Thank you also to the parents that completed our survey on Open Day. If you didn't get the chance to complete the survey, a QR which can be scanned on any device has been included below. We truly value your opinions, feedback and suggestions.

Throughout the week we also had the chance to celebrate the artistic talents of our students. This year we have 8 different performance groups and on Tuesday and Thursday they amazed everyone with their abilities. Congratulations to the students that performed and thank you to the parents that attended. Also this week we celebrated Visual Arts with our school Art Auction. At one point there was a bidding frenzy and I thank all families for supporting the event. The school raised just over \$3000 which will be used towards new outdoor seating around the school.

Website

It is with great pleasure that I can reveal that the school website has received an entire overhaul and will be launched on the 17th August. The website will now contain an up to date calendar, news section, newsletters and a collection of galleries. We will continue to build upon the new website throughout the year but it will become a major source of information for the school. This is just one way that we are better communicating with our community. I thank Mrs Rogers

and Mrs James who have been the drivers behind the new website.

Parent Workshops

Last fortnight the school ran a parent workshop that was very well attended on resilience. I thank all the parents that attended and the feedback I have received has been extremely positive. I must also thank Mrs Bezzina and Miss Pickering for presenting such an engaging and thought provoking session. Our next workshop will be held on 20 August at 5.30pm on Cyber Bullying. Our local Police Liaison Officer will be presenting the session with all families invited. We look forward to your attendance and answering any questions you may have.

School Plan

Last week we received a visit from the Director Educational Leadership to discuss the progress we have made on our three year school plan. We have already made significant progress towards our initiatives which are highlighted below:

Strategic Direction 1 – The school is completing a thorough analysis of literacy and numeracy goals and is already forward thinking for 2019 programs. School scope and sequence documents are also being adjusted to reflect current school practices and new curriculum documents and ensure our students are obtaining the best possible education.

Strategic Direction 2 – The school is engaging in staff identified, differentiated professional learning to build capacity to deliver quality evidence based educational programs. Formal and informal lesson observations and mentoring in staff identified areas. Developed a network to support beginning teachers in improving their professional practice applied to deep knowledge, higher-order thinking, meta-language and communication. Developing capacity to analyse and communicate data, focused on monitoring and processing whole school growth and performance

Strategic Direction 3 – The school continues to investigate ways to better Communicate, Educate and Celebrate with the community. We are soliciting parent feedback, communicating

school targets, running parent workshops and celebrating artistic, behaviour and academic success. We will continue to roll out new initiatives throughout the year.

Uniform

Students are expected to wear the Jasper Road Public School uniform every day with pride. The school uniform and dress code requirements were developed in consultation with the school community and reflect community standards. They are currently consistent with health and safety requirements, antidiscrimination and equal opportunity legislation and will be evaluated at years end for any changes in policy.

The wearing of school uniforms by students will assist school communities in:

- defining an identity for the school within its community
- developing students' sense of belonging to the school community
- providing an opportunity to build school spirit

I ask that all families support the school in ensuring that their child/ren are dressed in full school uniform everyday including ties and tab ties in winter.

Playground

Over the past fortnight I have noticed an increasing number of students playing on the playground equipment after school. Please be aware that this area is not supervised after school and students will be informed that it is out of bounds. I thank the community in advance for supporting this as we ensure student safety is a priority.

We must report that we have been advised of delays in the installation of the Support Playground. Despite our strong planning efforts, the delays are beyond the control of the school. We hope to share opening date news with the community very shortly. During the construction phase, our students continue to be catered for in other appropriate areas of the school.

School Run 4 Fun Colour Explosion

Last week all students received a sponsorship form for the upcoming School Run 4 Fun Colour Explosion. I thank the P&C in advance for their organisation of this event and I know the teachers and students are looking forward to a great event. On the day, students will participate in a Walkathon/Olympic style afternoon where they will be completing a range of activities whilst having fun being covered in non-toxic colour powder. It's something that they've never seen before. There are a multitude of prizes to be earned so please start collecting your sponsors in support of this great event.

Thanks,
Craig Warner

Nationally Consistent Collection of Data

All Government and non-Government schools across Australia are required to participate annually in the Nationally Consistent Collection of Data of School Students with Disability (NCCD).

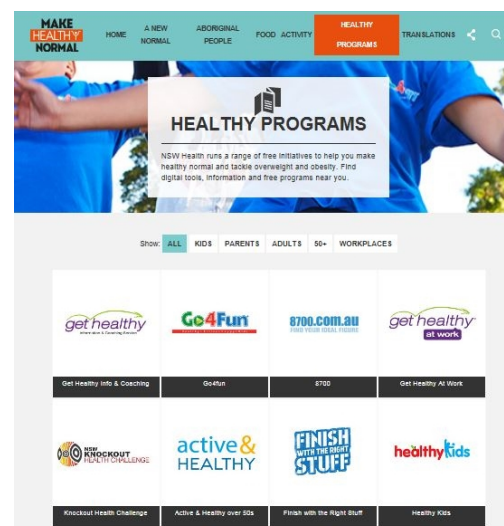

All Australian schools collected data on their students who are receiving adjustments to meet additional learning and support needs in accordance with their obligations under the Disability Discrimination Act 1992 and Disability Standards for Education 2005. This data is provided to the Australian Government to assist in the development of a consistent, national picture of the education needs of students with disability.

The data provided to the Australian Government by the NSW Department of Education is provided in such a way that it cannot be used to identify any individual student or school. General information about the national data collection can be found on the Australian Government Department of Education and Training website in the link below.

Library News

Book Week 20th-24th August

Book Week 2018 will soon be upon us, falling a week earlier this year, in Week 5. Get those costumes ready. Mrs Stammers, Mrs Bugeja and I have!

Note: *There will not be a parade this year as was incorrectly stated in the previous newsletter. We will be enjoying seeing each other's costumes in class, around the school and on the lawns during Literacy on the Lawns.*

Book Fair

The Book Fair viewing by students will occur on the Monday and Tuesday of Book Week. Students Year 2 to Year 6 fill in a wish list from the books on display. On the back of the wish lists there are payment options which include cash, credit card (no Amex) or online payments.

Parents who are unable to attend the Book Fair in person can choose one of the above options and return the wish list via students. Students then select the books they have paid for to either take home or donate to the school library.

The Book Fair will be open from 8.30-9.30am and again from 3.00-4.00pm on Wednesday 22 August and from 3.00-4.00pm on Thursday 23 August.

Note: *If any parents are free to help Mrs Stammers and I with Book Fair sales on Wednesday morning please let me know by ringing the school. Thanks in advance. Mrs Tokatlian*

Premiers Reading Challenge

We've entered the last month of the Premiers Reading Challenge. All student reading records need to be completed by the end of August. Please note the following information from the Premiers Reading Challenge organisers:

Have you seen the new Student Site?

After much anticipation, the new PRC Student Site is up and running. The Student Site allows for much more effective searches, as students can enter book titles without modification (ie "the hunger games" rather than "Hunger Games, The") or enter part of the title to locate the book (eg "Philosophers Stone").

Students can create a list of saved books that they'd like to read later, add books more easily to their Choice Books option, and add books to their Reading Log straight from the search results.

The new Student Site is accessible by clicking the header on the PRC website, or by going directly to the link below.

Happy Reading

2018 Years 3-6 Athletics Carnival – Thursday 16 August, 2018

Our Years 3 – 6 athletics carnival is fast approaching. We will be hitting the track at AH Whaling Reserve (Roxborough Park) on Thursday 16 August. Please ensure your child is at school **by 8:30am** as we have a very full program. Students are to wear their school sports uniform and hat, and bring adequate food

and drink for the day. There will be a canteen and BBQ available for students to visit at set times.

This year, we are moving to a 'tabloid' style format, where students will progress around the carnival with their age group. This will encourage greater participation and house spirit among all students. Please see below a program of the day's events. Please note that all times are approximate only.

Thank you to those parents who have offered to help at the carnival. We will be sending notes home with your child with details of arrival time and meeting place.

As per previous years, we request that all parents and visitors, unless assisting with the running of the carnival, remain outside the fenced area of the oval. This ensures the safety of all of our students. We are looking forward to seeing many family members come along to support our athletes!

A note to all students and parents that the top two placegetters at the school carnival do not automatically progress to the zone carnival. Zone entrants are dependant upon qualifying times and distances. We will advise all successful students as soon as possible after the school carnival.

See you next week,
The Athletics Carnival Committee.

Adjusted prices are included on the attached order form and price list and will take effect from 1st September 2018.

Critical and Creative Thinking with Science and Technology

This term's Electricity unit got off with a bang!

On Thursday 26 July, 22 bright sparks from Stage 3 created a pop-up Science Expo.

Two students from each Stage 3 class were given a piece of equipment by Hayden and Iliya from S3C and went off to complete an experiment and create an information display with hands-on activities.

The student displays changed through-out the day as exhibitors learned more from each other. The focus for the day was

hands-on learning with fun music supplied via YouTube science songs.

The Expo was attended by over 250 students, with many younger grades popping in during lunch and recess for a makerspace. The Makerspace featured circuit scribe, snap circuits, Arduinos, wearables and squishy circuits thanks to the Telstra Foundation, Sydney City Libraries, and Primary pr Electricity Safety Week kits .

100 Days of School Celebration.

Last Friday, Early Stage One students celebrated their 100th day of school with a fun-filled party day. In the morning, students were greeted with bunches of helium balloons to get the day off to a colourful start. The children decorated 100 day crowns and made biscuits with a 100 fashioned out of a musk stick and two life-saver lollies. After recess students completed STEM activities by building structures and towers out of 100 pieces of various materials. They also worked together to make paper chains that were 100 links long. The day was capped off with a fun parade under the Kindy COLA where students were able to show off their crowns. Mr Warner joined us in his customised T-shirt to finish off our celebration of being 100 days smarter!

Herogram Messages

Over the past fortnight, students from Stage 3 engaged in creating 'Herogram' cards for the athletes and officials competing in the Wheelchair Rugby World Championship at Homebush.

Students did an amazing job with delightfully creative cards produced and fantastic, sincere messages to the competitors (there were even a couple of students who translated their messages into Japanese and Polish).

Below is a collage showing some of their creations along with some of the Australian players reading their messages last weekend. As you can tell by their faces, they were blown away by the thoughtfulness, sincerity and kind wishes our students offered. The Australian Steelers are the reigning Paralympic and World Champions and are looking to defend their title on home soil against the world's best. With messages of support from our students we are sure that can again achieve success. Well done Jasper Rd.
